About G2 Crowd

G2 Crowd, the world's leading business software review platform, leverages more than 400,000 user reviews to drive better purchasing decisions. Technology buyers, investors, and analysts use G2 Crowd to compare and select the best software based on peer reviews and synthesized social data.

Keeping our ratings unbiased is our top priority. We require the use of a LinkedIn account or verified business email address to validate a G2 Crowd user's identity and employer. Additionally, all reviews are manually checked by our team. Only the opinion of real users and data from public sources factor into our ratings.
